

## **Minor in Hotel Management and Minor in Restaurant Management**

### **Overview:**

The minor in hotel management and minor in restaurant management are both 18-credit hour programs. The minor program is a valuable addition to any major. Both minor programs will provide the general information that will allow students to be able to pursue hospitality related careers that they might otherwise not be qualified or credentialed to pursue. Majors of other disciplines will find this minor interesting and rewarding. Either minor program may open the door to a myriad of management positions in the hospitality industry.
